## **Foreclosure Excess Funds Access Information**

Our office receives many requests for a list of case filings with "excess funds." To respond to those requests, our office routinely posts a list of outstanding checks and excess sale proceeds. These are available on our website by clicking on the link that says "Public Records Requests":

Simply read and acknowledge the policy by clicking the button at the bottom of the linked page, and you will find links to that specific documentation on the following page.

This is all that our office provides on our site; you can use the Case Information Online portal to continue doing further research by case number. That is available here:

Should you need more information than this, we can consult our Information Technology Department to generate a quote for the cost of the labor and materials required to fulfill any additional request.

You can also consult these other County agencies to see if they can help:
